PETITION UNDER 37 CFR §1.322

Dear Sirs:

We petition for a certificate of correction to be issued reflecting the patent has no foreign priority data. The foreign priority was added to the instant application in error.

A request to update priority data was submitted to the USPTO on 09/10/2001. A Filing Receipt was mailed on 09/18/2001 and erroneously added US application 09/125,710, which is a 371 of PCT/JP97/00528, and its corresponding Japanese priority. The filing receipt was marked with corrections and submitted to the USPTO on 09/28/2001.

On 09/22/2005, an Examiner's Amendment was mailed indicating the examiner had amended the "Cross-Reference to Related Documents" section which added the Japanese PCT and corresponding US applications. In response, an Amendment after final was submitted on 10/12/2005 removing the Japanese PCT and corresponding US applications. The amendment was entered 10/26/2006. After reviewing PAIR, there were numerous calls to the examiner indicating the foreign priority remained on the application and

should be removed.

We, therefore, petition for a certificate of correction to be issued reflecting the correction as indicated on the PTO/SB/44 included herewith. Any fees required are hereby authorized to be deducted from deposit account No. 500534.

Respectfully submitted,
Christopher C.M. Beck et al.
